Glenridge Medical Building

One Belton Blvd., Suite 100

St. Catharines, Ontario

L2T 3Y4

Telephone 905-688-6460

Fax 905-687-1855

Currently we are a Two-Doctor practice with Dr. Zuliani and Dr. Elltoft and are looking for a third partner.

We are currently a FHG and would be open to converting to a FHN or FHT in future.

This has been a Teaching Practice for twenty years and there would certainly be an opportunity to participate in resident and under graduate teaching.

We have an electric medical record system since 1989 and were one of the first in the country to go to this.

There are fifteen doctors in our FHG so call is one weekend in fifteen which means running one, three hour clinic and being available for phone advice for the rest of the weekend. As well, there is one evening per month where it is required to do a three hour evening shift between 5:00 p.m. and 8:00 p.m.

Our hours of operation are 8:00 a.m. to 5:00 p.m. Monday to Friday although the hours worked by a third partner would be completely up to them and could include, Saturdays, evenings if desired, etc.

There are currently approximately 4500 patients in the practice.

We have lots of support staff with a full-time Registered Nurse who does most of the well baby visits and preparations for physicals, etc.

We are very extensively equipped and have in-office liquid nitrogen, EKG, pulmonary function testing, tympanometry, audiology, cautery, mini OR for procedures.

High Speed Internet available in every room with free access to entire McMaster Library.

There would be a potential for long term locums here.

Overhead cost are split 70/30.

We are quite flexible as to working hours for physicians who also interested in doing hospital work or other types of work.

Preston Zuliani, M.D.
